This list of private instructors is issued as a convenience to HYS families.					
HYS neither endorses nor recommends one teacher over another.					
Teachers are added to our lists upon request.					
HYS does not go through a screening process before adding a teacher to this list, and cannot be responsible					
for any actions by teachers included on this list.					
HYS suggests families contact several teachers to ensure that the teacher is a good fit for your child's needs.					
yellow indicates authorization form NOT received yet
