Updated 7/8/20

This list of private instructors is issued as a convenience to HYS families.

HYS neither endorses nor recommends one teacher over another.

Teachers are added to our lists upon request.

HYS does not go through a screening process before adding a teacher to this list, and cannot be responsible for any actions by teachers included on this list.

HYS suggests families contact several teachers to ensure that the teacher is a good fit for your child's needs.
